

STUDENT'S TOOLS

A guide to using Learnwell interactive materials in your classroom

Learnwell Oy downloadable teaching materials include:

- Grammar and vocabulary exercises
- Games to play with your students
- Topical Power Point presentations to be used in class
- Discussion and question cards for printing and laminating
- Lesson plans with ready-made printable material
- Interactive games for students to play online
- Hand-drawn pictures and photographs

Foreword

“The Language Menu” is an educational project from Learnwell Oy which provides teachers and students across the world FREE resources and ready-made exercises to be used in classes, along with the much needed tools to create original and personalized materials. Teachers seeking to use web-based activities in their classroom and students who seek material for independent study will find a common space on The Language Menu website.

At the moment we offer 33 languages, which in the next few months will be increased to over 50. This will enable you to make bilingual material in more than 2012 language combinations. Our collection of online tools, currently numbering over 15 , is also expanding over the following months.

The Language Menu has already been contacted by the Pools EU language project in Denmark for possible cooperation in EU-project in 2007. We already have funding support from:

- Finland-Denmark cultural fund
- Finland-Norway cultural fund

The Language Menu is a free site for everyone to make language education easier, more accessible and more fun. Let us know if you have any requests and feel free to share your opinions with us. We take your opinions seriously and we are always open to new ideas! We hope you will make the most of our web site and that greater learning is achieved as a result.

Visit www.thelanguagemenu.com to get more acquainted with our project .
